# PowerView3 HMI Module

## New Enclosure Version with Sight Window

**PowerView3**  
MOTORTECH ENGINE INFORMATION MONITOR

MOTORTECH presents a new enclosure with the PowerView3 HMI module for harsh environments. The unit is mounted in an IP66 enclosure with a window for viewing all diagnostic and operating operations. The door offers easy access to the display while ensuring protection from the elements.

### Characteristics & Features

- Compact enclosure – 300x250x150 mm / 11.8x9.8x5.9 in. (WxHxD)
- HMI module preinstalled in enclosure
- Epoxy coated steel enclosure
- Protection class IP66
- Including harnesses for CAN connection and power supply
